

THE STATE OF UTAH
OFFICE OF STATE ENGINEER
SALT LAKE CITY

WAYNE D. CRIDDLE
STATE ENGINEER

June 30, 1960

Honorable Will L. Hoyt
Nephi, Utah

Dear Sir:

Re: Clauss Marshall

In confirmation of our telephone conversation of June 30, 1960, this letter is to advise you of the recent developments in the Clauss Marshall action.

When Mr. Frost and myself returned from the court appearance in Beaver on June 29, we found that Mr. Marshall had mailed to the State Engineer's Office a check in payment of his delinquent water assessment in the sum of \$81.62. The envelope was postmarked, Milford, Utah, June 28, 6:30 p.m. It was received in the Office of the State Engineer, at 10:30 a.m., June 29, but this was too late to prevent a trip to Beaver to appear on this matter.

The check has not been cashed and will be held in this office until we are advised by the Court of the action taken on the contempt proceedings.

Concerning the matter of the presence of Mr. Marshall in Court on January 30, 1960, which was the day the order forbidding him from using the water until he paid his water assessment was issued; we will be able to supply the Court with a sworn statement of a person witnessing his presence on that day, if it is so desired by the Court.

If we can be of any further assistance on this matter, please contact us.

Very truly yours,

Dallin W. Jensen
